

MicroMedica[®] Laboratories

Improving Lives Together

MML-UA-010

Auto-Chemistry Analyzer

Multi- scenario application

- Beyond imagination

Portable

- Easy to carry

Performance

- A smart Compact device

Comprehensive parameter : 10-14 chemistry parameters (Optional)
A/C (Calculation parameter)

Multi language compatibility: EN/RU/ES/IT/PT/DE/TR/FR/PL

User friendly design: color touch screen

Technical Specification

Display	4.3' color touch screen
Throughput	60T/H or 120T/H
Test parameters	UBG, BIL, KET, CRE, BLD, PRO, MALB, NIT, LEU, GLU, SG, pH, VC, Ca
Principle	Photoelectric Colorimetry
Wavelengths	525nm, 572nm, 610nm and 660nm
Storage capacity	Up to 10, 000, SD card result export
Languages	English, Spanish, Portuguese, Russian, Polish, Italian, Turkish, German, French
Dimensions	265×140×125mm
Power	12V, 110/220V power supply
Ambient Temperature	15°C-35°C
Relative Humidity	75% or less
Atmospheric Pressure	76kPa-106kPa

Manufactured & Marketed By :

MICROMEDICA LABORATORIES PRIVATE LIMITED

2 & 3, Ground Floor, Labh Smruti, 48/C Baptista Road, Vile Parle West, Mumbai, Mumbai Suburban, Maharashtra, 400056.
